Dear Sir/Madam,

The Mathematics Association of Pakistan (MAP) is striving to promote a culture of doing and investigating mathematics among teachers, as well as the children of Pakistan. Promoting such a culture would help prepare the learners to tackle the challenges of the 21<sup>st</sup> century in the light of recent developments in the field of mathematics and science. After successfully organizing the Seventh Math Olympiad this year, MAP is organizing its Eight Olympiad for young Mathematicians of Grade IX (current) from 60 different schools all over Pakistan. This event is scheduled to take place on November 24, 2007 at The Aga Khan University-Institute for Educational Development (AKU-IED), Karimabad, Karachi. The participants will get opportunities to work on challenging and interesting mathematical problems in the areas of arithmetic, geometry, statistics and algebra. All participants would be awarded certificates.

Keeping in view the significance of this event, we are expecting several requests to participate from different schools. Therefore, we have decided that selection would be on a first-come-first-serve basis. Please fill up the attached registration form and send it along with **Rs. 700/- Cash or Pay Order** in the name of **AKU-IED** to Mr. Farhan Jiwani or Mr. Aniq Amin, Professional Teacher Associations Network (PTAN) by **November 15, 2007**.
